

Maribeth Decker, an intuitive animal communicator, is the founder of SacredGrove.com — Where People and Pets Heal and Connect. She works with pet guardians who dearly love their animals and yet face tough issues. She uses her intuitive animal communication and energetic healing skills to address animals' physical, emotional, and behavior issues. She is especially gifted in helping pets and their people move gracefully through transitions—into the family, into a new family, or onto the next life.

Maribeth helps people find peace and comfort knowing they have made the right decision for everyone, including their animals. They finally experience that deep, mutual love with their animal they have longed for.

A retired Navy officer, Maribeth earned two Master's degrees while in the Navy. Her rich personal life experiences have enabled her to bring a wealth of heart-centered wisdom to her work with each client. Her unyielding intention is to consistently bring forth the maximum benefit for all concerned in the most benevolent manner possible.

“

I gained such deep insights as I reconnected with [my cat who crossed the Rainbow Bridge] Britney during my phone call with Maribeth. The session was tremendously healing and comforting. Since our call, a smile comes across my face every time I think of Britney. I feel such peace and joy and gratitude instead of deep sorrow and loss.
